2021 Activity Guide

Day Camp, like many Y programs, is about learning skills, developing character and making friends. But few environments are as special as camp, where kids see what they can accomplish, learn and master skills, make new friends, and feel like they belong. Every new experience at day camp is a chance for kids to stay active, address gaps in learning when school is not in session, and have fun.

With the careful guidance of our trained staff, campers will learn core values that will last forever. They'll explore. They'll play. They'll grow. And they'll have an incredible amount of fun!
